

Strength & Reliability in Every Tank.

4 Layer Water Storage Tank

Hot outside. Cool inside.

Summer temperatures now won't affect your water's temperature. Introducing Poddar Water Tanks. A water tank built with a unique foam layer that keeps water cool even in 45°C* for enhanced comfort.

How does it work?

Poddar Water Tank comes with an additional foam layer which helps to keep the water temperature lower between 13°C to 15°C, even in temperatures as high as 45°C outside.

Foam layer provides insulation from ambient temperature.

Anti-Bacterial Layer with 'Nano-Silver' technology.

Made from 100% Virgin Plastic.

Guaranteed actual storage volume as per capacity

Threaded Lid with dual layer

Food Safe Material

No heavy metals used

Anti-Viral compliance as per ISO 21702:2019

Anti-Algae compliance as per ASTM G-29

Anti-Fungal compliance as per ASTM G21-2015

PODDAR WATER TANKS DIMENSIONS

CAPACITY (L)	DIAMETER (mm)	HEIGHT (mm)	DIAMETER OF MANHOLE (mm), RIM TO RIM
500	887	960	400
700	1000	1037	400
1000	1115	1188	400
1500	1282	1334	400
2000	1368	1552	470

*Dimensional tolerance ± 5 mm

3 Layer Water Storage Tank

What makes Poddar Pipes the healthiest choice for your water storage tank?

Discover purity and strength with Poddar Pipes. Our advanced water storage solution utilizes Nano Silver technology for antibacterial, antiviral, and anti-fungal protection, meeting international standards. Engineered with extra ribs and Finite Element Analysis software, these tanks are built for durability and safety. Trust PODDAR PIPES for superior quality, health, and peace of mind.

2 Layer Water Storage Tank

PODDAR ISI 2 - Layer Tank

Experience durability and hygiene with ASHIRVAD ISI 2 layer water storage tanks. Crafted from virgin, food-grade plastic, our tanks ensure water remains safe and untainted. Featuring UV-stabilized construction and rotational moulded polyethylene technology, these tanks guarantee reliability and flexibility. Our 2-layer water tank is ISI certified, ensuring compliance with government regulations and industry standards. ASHIRVAD ISI 2 layer tank offers a robust solution for your water storage needs.
